Subject: Letter: AIU Collaboration Portal
AIU/COMP/PORTALI/2021-22

March 8, 2021

Dear Vice-Chancellor/Director

The National Education Policy 2020 is promoting internationalization in a big way. It has focused on establishment of foreign universities in India, Indian Universities opening campuses abroad, enhancing international collaborations, credit transfer, joint degrees and dual degrees etc. AIU which is always working towards providing better experience to our member universities, is of the view that to promote collaborations between Indian and foreign universities, a knowledge about good universities in specific subject areas is of paramount importance. Therefore, after instituting AIU Admission Portal, AIU Job Portal, AIU Equivalence Portal, AIU Payment Portal, AIU is now venturing upon launching the AIU collaboration Portal which will provide value added services to its member universities by providing an information data base with the purpose of enhancing international collaborations. The AIU Collaboration Portal will facilitate the universities to showcase their best departments/facilities and provide a reliable data base to other higher education institutions, both national as well as international, to forge collaborations in the specific subject domain.

May I, therefore, request you to identify 5-10 good departments/facilities/centres of your university, who are willing to enter into collaborations, and fill information on their performance indicators like Faculty, Faculty with Ph.D., Research, Publications, Patents, Awards, Facilities, Academic Programmes, Research Programmes etc. on the AIU Collaboration Portal using the university's dashboard on AIU Portal <https://university.aiu.ac.in>.

An early updation of the Portal will help you and us in promoting international collaborations. I am sure you will give top priority to this and contribute in promoting internationalization. We all can make a difference in the higher education space by providing extensive information to our major stakeholders to enable them to make informed choices and also help each other in developing good workable collaborations both nationally as well as internationally.

The AIU Collaboration Portal can be accessed at <https://collaboration.aiu.ac.in> for public use.

Looking forward to your positive response.

With regards

Yours sincerely,

(Pankaj Mittal)
