Subject: Invitation for a 12 days capacity building program for Govt. college teachers

Dear Sir/Ma

As Azadi ka Amrit Mahotsav is being celebrated to commemorate 75 years of progressive India and the glorious history of its people, culture and achievements, ICSSR Sponsored capacity building program on "Skill Building in the field of Addiction & Research for College Teachers" is intended to create awareness among teachers to understand the uprising Addiction-Related Problems in the society. This capacity building program will help the participants in planning research for funded projects, writing research papers, appropriate use of e-library and finding relevant resource materials and developing teaching & research skills. It is going to be held at National Drug Dependence Treatment Centre (NDDTC), Ghaziabad, from 6th June to 18th June 2022. NDDTC is a tertiary treatment centre of All India Institute of Medical Sciences (AIIMS), New Delhi dedicated to the treatment of addiction and provides training in psycho-social aspects of addiction to various stakeholders. It also works towards creating awareness and sensitizing society and community about the substance-related & behavioural addiction.

I hereby, write this mail to request you to kindly nominate 1 or 2 Junior faculty members (lecturers or Asst. prof.) preferably from psychology/social work/sociology/political science/anthropology, etc. to attend this program for 12 days (on duty leave) and disseminate this information to various HODs of respective departments so that they can relieve their 1 or 2 junior faculty members for this program.

Hospitality will be provided by the organizers. Outstation participants will be accommodated in a guest house on a twin-sharing basis and their train/bus fare (with shortest route) will be reimbursed as per ICSSR guidelines.

The brochure of the event is attached for information.

For further details kindly contact me on the email id (psychologynddtc@gmail.com) or mobile (8929874131).

Thanks & Regards

Dr. GS Kaloiya

Addl. Prof. Clinical Psychology

Coordinator CBP
