Subject: Invitation | Panel Discussion on Sustainable and Resilient Cities | June 07

All headers

Dear Prof Renu Vig:

I take pleasure in inviting you to an engaging panel discussion on 'Sustainable and Resilient Cities' from 4 pm – 6 pm on June 7, 2023, at the Indian School of Business, Sector 81, Mohali - 140 306.

To commemorate the World Environment Day, the Punj Lloyd Institute of Infrastructure Management at ISB, in collaboration with Indian Green Building Council (IGBC), is organising the 90-minute session on the theme 'Sustainable and Resilient Cities: The Way Forward'. The objective is to bring important stakeholders on one platform and discuss key challenges and ways to address these challenges. We feel there is a need to create sustainable cities that prioritise the health of residents and create an environment, necessary for managing pollution and ensuring a better future for all.

The programme schedule is appended for your reference:

1600 onwards	Registration & Networking
1635 – 1645 hrs	Keynote Address by Smt. Isha Kalia, IAS , CEO - Punjab Municipal Infrastructure Development Company (PMIDC), Government of Punjab (confirmation awaited)
1645 – 1655 hrs	Special Address by Prof. (Dr.) Adarsh Pal Vig , Chairman, Punjab Pollution Control Board
1700 – 1745 hrs	Panel Discussion: Sustainable and Resilient Cities: The Way Forward

Panelists:

- Professor Chandan Chowdhury**, Senior Associate Dean & Practice Professor, Indian School of Business (Session Chair)
- Dr P J Singh**, Chairman, CII Punjab State & CMD, Tynor Orthotics Private Limited
- Col Shailesh Pathak**, Chairman, IGBC Chandigarh Chapter & CEO, Art – N Glass
- Minal Srinivasan**, Director, Kesari Infra Build Pvt Ltd.
- Professor Jagdeep Singh**, Registrar, IISER Mohali (Confirmation awaited)

1745 – 1755 hrs Interaction over Q & A

1755 – 1800 hrs Concluding Remarks

The session aims to cover the following points:

- Key characteristics of a sustainable and resilient city.
- Best practices and innovations for achieving sustainability and resilience in urban areas.
- Challenges and opportunities for creating sustainable and resilient cities.
- How can we foster collaboration and participation among stakeholders and communities to build sustainable and resilient cities?

The event promises to be an enriching experience, fostering meaningful conversations and networking opportunities with like-minded individuals passionate about shaping the future of cities.

We look forward to your presence at this exciting panel discussion as we collectively work towards creating sustainable and resilient cities for future generations. Please register and share with your friends, colleagues, and students who may be interested in this subject. Please confirm your participation at ExternalRelations@isb.edu.

Warm regards,
Guru
